March 16, 2021

Dear LCA Parents/Guardians,

Today, we learned that a person in an LCA elementary classroom has tested positive for COVID-19. In addition to this case there are other suspected positive cases in our middle and high schools.

After consulting with the health department, it has been decided to move all students to remote learning effective tomorrow, Wednesday, March 17, 2021.

The students that will need to quarantine are kindergarten, third grade, and upper school students. Quarantine can end after Day 10 without testing and if no symptoms have been reported during daily monitoring, otherwise the quarantine ends Day 14. The current calculated date to end a 10-day quarantine is March 26, 2021.

As test results for the suspected cases are received, we will work with the health department to make decisions regarding the need for continued quarantine days. All grade levels will be learning remote until further notice.

Our staff will start gathering the necessary materials for families to pick up on Thursday, March 18th. More details to follow.

Please email Heather Lenz heatherlenz@choiceschools.com to request the use of a laptop.

We will treat information regarding the identity of anyone with suspected or confirmed cases of COVID-19 as confidential. Please know that our team is committed to protecting the privacy of our students and staff.

Please monitor your child for symptoms related to COVID-19, including fever, cough, difficulty breathing, headache, or extreme fatigue. If you note any changes in their health, please contact your medical provider. If you test positive for COVID-19, please inform the school as soon as you can. We're here to keep everyone as safe and informed as possible.

For more information about COVID-19, please visit the CDC website at:
